Your President's Report

Greetings everyone! As you know our AGM is only a couple of weeks away. Reason enough for a bit of contemplation. And what better subject than our membership? Last year we had 113 paid up members. Twenty-four of those got their newsletter by mail which would indicate they don't live here full time. That leaves (theoretically at least) 89 of us who can be classified as permanent residents. In addition, this year, we already have 28 first-time members which is a reflection of the currently hot real-estate market. The total for 2004 won't be known until all renewals are in so please renew now or at the AGM. In any event our membership total far exceeds that of any of our

seven sister communities in Sechelt. That has to say something but I'm not sure what because at the same time we have only six Board members, one person in charge of Newsletter circulation and 10 delivery persons. We do get some additional volunteers for such things as social events but basically we have only 17 members who dedicate their time to community enhancement on a regular basis. I for one think we can do better and I hope some of you agree. Say yes to being on the board if we call you. Better still, call us and volunteer.

And do try to attend the AGM. You'll hear a full report and you will hopefully be able to give us some new ideas. Try it, you might like it. Cheers! *Gray Waddell*
