## Your President's Report

The urbanization of Sechelt continuous apace. The resurrection of the Terraces Development was announced to the public at two information meetings held at the Seaside Centre on March 31<sup>st</sup> and April 2<sup>nd</sup>. Many Sandyhookers attended and so have an idea of the changes being proposed over the next few years – an 18 hole golf course, over 1000 residences, some high rise apartments, some shopping, some trails and so on – all between the Provincial Park and the Heritage forest boundaries along Sechelt Inlet Road. And that is only one of five major residential developments either waiting approval or actually under way. Makes a person

rethink his/her reasons for putting down roots here in the first place. Never mind! It's called PROGRESS so it must be OK, Don't believe me? Just ask your elected representatives.

Our AGM is just over a month away. We haven't been inundated with volunteers to serve on the board but we are ever hopeful. Hey, it's not all that demanding. I know you have something to offer and you might even meet some nice people. If one of us knocks on your door and asks you point blank, please give it some serious thought.

All for now.

— Gray Waddell

Life shouldn't be measured by  
the time you breathe, but by  
the breathtaking moments you  
live.

The fire ban is from April 15th and October 15th and it means **NO** burning of yard waste or any building materials at any time.
