Ms. Andrea de Bucy,
Chief Financial Officer
District of Sechelt,
2nd Floor, 5795 Cowrie Street
Sechelt, B.C. V0N 3A3

Dear Ms. de Bucy

Re: Sandy Hook Capital Budget Items 2010

As every year we wish to advise our list of Capital Project desires so that they may be considered and included in any budget process. This year our list is relatively short:

1. Re-confirmation of the repaving of all of Deerhorn Road including remedial work on portions in distress. This item was set up in prior years and affirmed last year.
2. Completion (if not done in November/December, 2009) of "Park Road" trail joining Porpoise Drive with Sandy Hook Road. This item was included by Parks in the 2009 budget.
3. Funds for our Association to build small gazebo to be built in the Tot Park (possible redistribution of funds saved on Post Box Safety Remedial action done by Post Office). Request \$2,500 but, of course, receipts would be submitted and any surplus returned.
4. New – funds for building of walking trail/stairs, etc. to join Deerhorn with Sandy Hook Road using public access space. Final figure will be needed in consultation with Parks but we suggest \$7,500 for budget purposes.
5. Not really a capital works matter but we wanted something in somewhere – maintenance needed on the new trail and bridge area joining Sandy Hook with Tillicum Bay.

We hope you will be able to meet our requests. Should you have any questions or comments we welcome them by email.

Thank you very much.

Yours truly,
Sandy Hook Community Association Board
