	Peter will investigate the Provincial offer to include the name Sandy Hook on Provincial maps	Unanimous	Peter
	SCAF highlights: East Porpoise Bay, Tillicum and Tuwanek Community Associations all share the SHCA concerns about Inlet drive speeding and driving habits. No firm responses from DOS		
	DOS and SCAF members requested they be cc'd on the planned SHCA letter written to select local businesses highlighting concerns regarding company drivers speeding, crossing centre lines etc. on Inlet Drive. Once SHCA approves a final draft, it will be shared with DOS and SCAF	Unanimous	Mac Bruce
	Recently, DOS has been insisting on a 30 day turnaround for feedback from Community Associations. It was pointed out that this standard has slipped from 30 business days to 30 calendar days. Given the volunteer nature of the committees, this is not enough time for reasoned input. The DOS was requested to provide a minimum of 30 business days, with 60		

days being the “real” preference

DOS reiterated their 10 day response speed of service on all communications

Sidewalk between the village and Porpoise Bay park will be a part of any development proposal for the SSC property.
i.e. Don't hold your breath.

6 Sechelt Inlet Road:

The letter to local business is still a work in progress. Once completed and submitted, the letter will be shared with SCAF and the DOS

Unanimous **Bruce Mac**

7 Flooding and Drainage:

Chairman's letter to DOS on this issue received a response from the District and a Service Request # 8914.

The letter also received a favourable response from the SCAF.

Trellis rezoning/APC/ rezoning procedure:

Members struggled with the meaning of the SCAF e-mail. After

some discussion and input from Randy with his perspective as a member of the Advisory Planning Commission, it was decided that no further action was necessary at present

Unanimous
