

Sandy Hook Community Structure

The idea of a community structure for Sandy Hook has been discussed on and off for many years. Tuwanek has identified a site for their community structure and it is noted in the DoS OCP. Davis Bay and Half Moon Bay have proper buildings for this and they are extremely popular in their communities.

A community structure can be a modest structure (such as a pavilion), a community hall or anything in between.

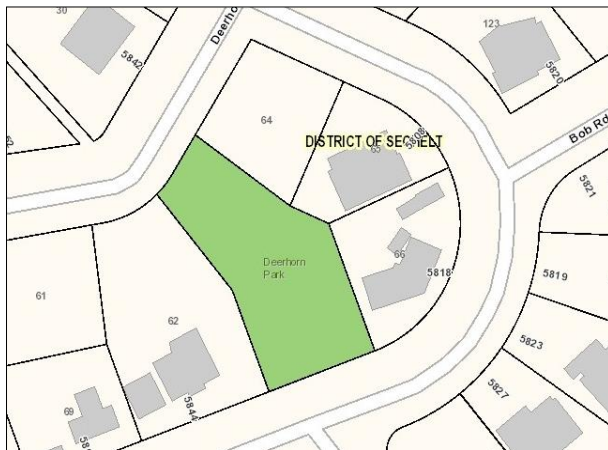

Possible solutions are to; do nothing or form a committee to come up with a plan to present to the community.

OPTION 1: TOT PARK

OPTION 2: SKOOKUMCHUK PARK

OPTION 3: DEERHORN PARK
