#### Sandy Hook Sign:

There was a general discussion regarding the sign. It was agreed that Josh and Ryan will bring the matter up for further discussion at the next meeting

2

#### Notice Board

No Decision made

3

#### Community Picnic Structure and Peter's Tree

General discussion with Barb expressing concern about the amount of work and effort to mill the tree. Peter noted that the process could foster community spirit and co-operation and the offer is still open. It was suggested that the Board might be closer to a decision when a Materials List is compiled. Lyle Seeton, has offered to assist the Board in the effort. Once the list is completed Randy has agreed to compose a letter to the District of Sechelt requesting addition to next year's budget a reasonable sum of money to fund the structure. There will be further discussion as to the amount of the request.

Peter agreed to draft a letter to DOS to express our ongoing safety concerns of our only access road. This to include noting poorly marked and tiny shoulders as well as improving site lines by removing overhanging brush.
